This Application is for membership contract # _____ for \$ _____

***A New Tap fee includes the service installed within 6' to 10' from the water main on a short side or 120' on a long side. Placement of the meter pit is at the water company's discretion. All installation/materials/supplies and maintenance beyond the allotted service (meter pit) provided by Raccoon Water, will be the sole responsibility of the customer. ***

When we install a new service meter the pit will be backfilled.

We must have a customer signature If it is requested to be left uncovered and the liability will be solely on the customer _____.

Date customer would like the meter installed _____. Water charges will start upon meter contract.
What Type of pipe will be used to connect to residence _____

The undersigned hereby applies for membership in Raccoon water Company, an Illinois Not-For-Profit Corporation, and requests water service for the property and upon approval hereof, agrees to pay the service fees established and to comply with the rules and regulations governing such water service. If different from applicant, the owner of said property signs this contract, evidencing his consent to this application and request.

In consideration of water service, the undersigned hereby consents to installation of the water meter upon the property and grants to Raccoon Water an easement therefore, in the form of a square (10' x 10') and hereby releases Raccoon Water Company from all liability for any damages caused by installation of said water meter and for the ongoing service and maintenance of the said meter and the service line from the water main to said meter. The applicant has been provided with a complete copy of the rules, rates, and regulations before signing this contract. The applicant was also briefed on the 1993 agreement, the existing debt, and water rates in both the new and original areas served by Raccoon Water Company.
